

IN TOUCH WITH ADVENTURE

Endura™ Out&Back

Sets The Standard In Affordable Ease-Of-Use In Outdoor GPS Navigation

Easy-to-use interface

- Color touch screen, straightforward menus and "hot key" physical buttons

Upgrade with additional outdoor content

- Choose your activities and download maps or use plug-and-play microSD cards

Add shared web community content

- Expand with routes/trails, points of interest, elevation data, etc. in GPX format through drag-and-drop to the device

FEATURES AND BENEFITS:

- > Easy to understand basemap with hill shade, primary roads, and key points-of-interest
- > Trip computer and route recording to track performance and share with friends or web communities
- > Mark waypoints using any of over 190 assorted outdoor icons
- > Quickly load and navigate any GPX trail or waypoint file and display over any onboard map
- > Easy geocaching application compatible with Geocaching.com for download/upload of cache locations, finds and notes
- > Sport-specific trail content available for purchase online for hiking, mountain biking, skiing, snowmobiling, kayaking, offroad/ATV, and more
- > Navigate lakes and rivers with optional mapping content on microSD or web download
- > Quick access to all primary functions using gloves in harsh weather or rugged conditions using physical buttons
- > Picture Explorer for viewing photos loaded from computer, web, or trail cameras
