

IN TOUCH WITH ADVENTURE

Endura™ Safari

The Most Versatile Handheld GPS Navigator For Any Outdoor Adventure

High-performance navigation

- Advanced mapping and guidance with 3D electronic compass and barometric altimeter

Unparalleled ease-of-use

- Simplified touch screen interface and quick access physical buttons

Multi-recreational

- Dedicated outdoor features and a large range of mapping options on plug & play microSD cards up to 32GB or web download

FEATURES AND BENEFITS:

- > Advanced basemap with detailed hillshade, primary and secondary roads, and key points-of-interest
- > Quick access to all primary functions with gloves in harsh weather or rugged conditions using physical buttons
- > Trip computer – records trails, altitudes, trip times, speed and distance traveled
- > Mark and navigate to waypoints using any of over 190 hunting and general outdoor icons
- > Enhance navigation by adding regional fishing/marine navigation content or any of 7 regional mapping packages with advanced topographic contours and hillshade detail
- > Quickly load and navigate any GPX trail or waypoint file and display over any onboard map
- > Multimedia MP3/voice notes, picture, and video players – for entertainment or reviewing trail camera photos and video
- > Easy geocaching application compatible with Geocaching.com for download/upload of cache locations, finds, and notes
- > Turn-by-turn navigation capable for car, motorcycle, cycling, etc. (with optional purchase)
